

Online reach

SES are using Social Media and the internet to promote employers, celebrate success of our clients and engage with support organisations.

Growing a brand

Our Facebook page is growing daily and through Twitter, we have been engaging with local businesses, following events and using #hashtags to increase our reach.

To follow the SES team, send us a tweet and give us a like at:

SUPPORTED EMPLOYMENT SOLUTIONS

2015 IMPACT REPORT

Supported Employment Solutions (SES) is a partnership of 7 disability organisations who work 'better together' to support employers and people with disabilities throughout Northern Ireland.

SES comprises Action Mental Health, the Cedar Foundation, Action on Hearing Loss, Mencap, NOW, the Orchardville Society and RNIB NI.

Work Connect

Is designed to support people with disabilities and health conditions across Northern Ireland who are unemployed to move into lasting paid employment. Our success is clear. In 2015:

- 266 people registered on the programme
- 106 participants moved into employment
- 66 Full time jobs secured
- 40 Part time jobs secured
- 40% of participants secured employment

Our People

SES Employment Officers from the 7 disability organisations have extensive experience and specialist knowledge of the needs of those with specific health conditions and disabilities.

They provide individuals with a range of employability skills tailored to their needs. This has enabled participants to improve their employment prospects and realise their potential.

Workable (NI)

Supports employees with disabilities and a diverse range of employers to ensure people can attain, retain and maintain employment. During 2015:

- 240 people supported by SES
- 97 new people started on programme
- 25 people progressed into unsupported employment
- 190 employers assisted across Northern Ireland

Our People

SES Employment Officers from each of the 7 disability partner organisations, provide advice and assistance to both individuals and employers on how to manage their health condition or disability within the workplace.

All support is tailored to the participant and this has enabled participants to return to work and sustain their role within the workplace.

Participant Feedback

Limitless Possibilities for Marcus

“SES were able to work with me to identify the specific skills and attributes I required in order to successfully obtain employment. I regained the skills, talents and confidence to move forward. I couldn't be happier, for me SES has helped me make the impossible, possible.” – Marcus

Anona's 'Maid in City' Adventure

“With SES's support and advice I decided to follow a dream of being my own boss and starting my own Cleaning Company. Now I am less stressed, I feel in control, my confidence has soared and instead of the dark hole that I was once trapped in I see a much brighter future.” – Anona
